**This pony will never go unnoticed in the show ring**

Ridden by 4 yo Tameeka Woodbury

A Taffy/Palomino with a white mane and tail and deep dapples showing the rare silver dapple gene. Her spectacular colour makes her an eye-catching child's pony hack. Her mother, **Marena Gold Dust**, won a NSW Palomino High Point Score, Reserve Champion at Canberra Royal, dozens and dozens of point scores, pony hacks, jumping and sporting for very junior riders. Since retiring she has produced foals as well as being one of our most treasured learner's ponies. This lovely pony has been carefully trained for young riders. At her first show in February, **Moondust** took all the noise and activity in her stride and was 3<sup>rd</sup> in the ridden Show Hunter against 15 entries, a very good showing for her first outing. We are confident that this pony will be every bit as successful as her mother. She has accompanied our show team on several occasions and has been shown lightly by our junior riders.
